NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENTIN THE WORLD!!

No more Exploded Cans!—No more Exploded Lamps!

No more Smoke!—No more Grease!

No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1869.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivaled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and unobjectionable to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 19th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests on which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a safe and brilliant illuminating agents. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

THURSDAY, MARCH 31, 1870.

DEFENDS BROTHER LOUIS.

Joseph is ready to draw his sword, shiver his lance, or throw a stone at any man who assails the family. It is proper he should do so.

In yesterday's *Standard* Joseph calls his brother Yates to account for strictures upon "Dad's" son in-law, the Attorney General, and says, the Charlotte *Democrat* "does unintentional, but serious injustice to the present Attorney General, when it attributes to him a dereliction of duty, because the Public Treasurer has found it necessary to employ other counsel in important cases." He further modestly suggests, "if other counsel have been employed, it is not because of any dereliction of duty or incapacity on the part of the Attorney General."

Dr. Yates is never satisfied, and when he makes an attack it is sure to be on the wrong man. Joseph's brother Louis had done him no harm; it is the Governor, his father-in-law, that Dr. Yates should have assailed, and not the son-in-law. The Doctor should have told the Governor that it was exceedingly indelicate in him to make the appointment, even if his son-in law had been possessed of the qualities and qualifications necessary to make an Attorney General.

We believe there is no other man in the State so wanting in delicacy as to appoint his son-in law to such an office, unless it be Judge Reade or General Clingman, (the latter of whom is not likely to be much in the son in-law line, soon.)

Now, we will not do intentional or unintentional injustice to Joe's brother,—the Governor's son-in-law, the inefficient Attorney General. We know the Attorney General well; he is a man of good conscience, as was Lassiter, before he fell into the hands of Littlefield, Laflin, Davis, and Holden. But brother Louis is no more fit for Attorney General than brother Calvin was for President of the Constitutional Convention. We consider brother Louis fit only for raising chickens, teaching Sunday School, and writing metaphysics. If the Governor sticks him about as Railroad Director, as he does his other sons, Joseph and Calvin, throwing him in contact with Laflin, Billy Henderson and the woman insulter, Davis, he will soon lose those moral qualities which so eminently qualify him for Sunday Schools and classic contemplations.

The Governor, his Treasurer, and his Railroad Presidents, have paid out, as far as we have been able to ascertain $88,350, 75 to lawyers for extra counsel. We think we shall be able to add $20,000 more to this, when all the facts are fully developed. This does not include $5,000 paid by one President to General Littlefield as agent or attorney, in certain matters. This stipend, or bribe to lawyers, is $8,350,75 more than was collected in 1840 from the whole people of the State for all State purposes put together.

This is a dear Governor and a dear son-in law to the people of North Carolina.

Well, we suppose the people deserve it, or the Lord would not inflict such rulers and counsellors upon them. Give us a new Attorney General, Governor, for even Dr. Yates complains of this one. Try your other son, Calvin, or General Clingman.

AN INQUIRY.

As the *Standard* claims, and we believe is now generally conceded by the Republicans to be, the central organ of that party in this State; and as we shall soon enter upon a canvass before the people in which practical issues will be, or ought to be, discussed and elucidated, in order that the people may act advisedly in selecting the next batch of their public servants, we respectfully ask the editor of that paper in order that the people may clearly understand its party on this particular subject, to answer, through its columns the following query:

Are you in favor of a suspension of the privileges of the writ of *habeas corpus* in North Carolina?

We hope the editor of the *Standard* will understand that it is not so much for our personal gratification that we seek the information, but, as we said, it is a practical matter, and one in which the people feel deep solicitude, and we propound the interrogatory for the purpose of drawing from the central and leading Republican organ, information for their benefit. We hope it will be answered frankly, candidly, and without evasion.

LEGISLATIVE ADDRESS.

The address gotten up by the Democratic and Conservative members of the Legislature, to the people of the State, seems to meet with unbounded approval, so far as it has been circulated. Some of our Conservative exchanges have already copied it, and commend it in high terms, and as yet we have not seen it assailed by one of the Radical papers of the State. Indeed, we rather think they will feel at some loss how take hold of it.

We have a large number of this address printed for circulation throughout the State, which will be sent out to the various counties as soon as arrangements can be made.

WHAT IT COST.—The Legislature which adjourned on Monday, passed, during the last session, 360 public and private bills and resolutions, at a cost to the tax-payers of the State of over *two hundred thousand dollars*—an amount of money which, if turned into silver, would require about twenty five one-horse wagons to haul it over the common roads of the country to Raleigh.

Besides this direct expense, thirty two counties were granted leave to levy special taxes, which will be felt pretty heavily by them, in addition to the regular tax to be paid this year.

And what do the people get for this extravagant waste of their money by this Radical Legislature? We don't believe the whole of their legislation will benefit a hundred men besides the official pap-suckers, to the value of twenty five cents.

CORPORAL TRIM AND GENERAL CLINGMAN.

Those who have read Tristam Shandy, will remember that, when Susannah, the cook, Jonathan and Obadiah and Corporal Trim had formed a circle around the kitchen fire, and the doors were shut, that the Corporal proceeded to deliver himself thus: "For my own part, I never wonder at anything; and so often has my judgement deceived me in this life, that I always suspect it, right or wrong."

Gen. Clingman's judgment has deceived and mislead the people of North Carolina on every great question that has been before the county for the last forty years, yet the General "wonders at nothing"—never suspects the accuracy of his own judgment, and allows no man to question his infallibility.

Now that we are through with the dark nights of secession and reconstruction, the General comes forward with his address to the people of North Carolina, to tell them of their errors, and, with the bright rays of his wisdom, to light up the pathway after we have traveled through it in doubt, darkness, despondency and gloom.

Instead of fighting the old man on the dead issues of secession and the war, we will, for the present, content ourself with asking him a few questions:

1. Did you not urge upon President Johnston the propriety of appointing Gov. Graham Judge of the Supreme Court of the United States, after he had been elected U. S. Senator; of which you now complain?

2. Did you not urge upon Gov. Graham's friends in the Legislature, to get up a memorial to the President urging the Governor's claims?

3. Were you not chosen a Director of the Western Division of the Western North Carolina Railroad, at the special instance of Mr. George W. Swepson?

4. Were you not, at the time, his confidential friend and adviser?

5. Did you not aid as a lobby member in the passage of the Western N. C. Railroad bills, and aid in their formation, and did you not receive $5,000 or more for such service?

6. Did you not favor, in the drawing up of the bill, the construction which placed the entire amount of bonds in the hands of the President of the Railroad at once, without restriction or responsibility?

7. At the time of the resignation of Mr. Swepson as President of the Western N. C. Railroad and the appointment of General Littlefield, were you not present as a Director? Did you not *then* know that Mr. Swepson had sold or hypothecated three or four millions of the bonds? Did you demand or did you not, at the time, a settlement or full rendering of Mr. Swepson's accounts with the Road, or did you or did you not wink at the purpose not to demand of him the statement?

8. Did you not approve of the appointment of Gen. Littlefield, and have you not assiduously labored to appreciate North Carolina bonds since, in New York, when you knew that the whole scheme of Railroad appropriations was disapproved of and denounced by the tax payers of the State, and when no North Carolinian, cognizant of the facts, would give 20 cents in the dollar for them as an investment?

Answer these questions old man, and then talk about the late war and your divine right of peaceable secession.

We clip the following from the Petersburg *Index* special Washington telegrams:

RADICAL SCHEME EXPOSED.

WASHINGTON, March 28.—General Banks has not ventured to deny the statement that he declared, at a late dinner party, that it was the true policy of the Radicals to employ such measures of military repression in the South as would drive the people there to resistance, and if he should deny it, a Democratic member stands ready to prove it.

Apropos to the above, we clip the following from the *Southern Home* of a recent date:

THE PETISH GOVERNOR OF NORTH CAROLINA.

His Excellency, the Governor, has declared the county of Alamance in a state of insurrection, and sent Littlefield, the swindler, as bearer of dispatches to Washington, asking for troops. Now Holden believes his charge to be true, or he knows it to be false. In the first case, there are some ninety other counties in the State. Why has he not called upon those counties to suppress this formidable insurrection? Is he so impotent and little respected that these counties would not obey him? A humiliating confession!—In the Shay's rebellion in Massachusetts; in the whisky insurrection in Pennsylvania; in the Dorr rebellion in Rhode Island, the State troops were first called on to restore order. But, in truth, Holden knows that there is no insurrection; there is not even an organized squad in all Alamance. A mob hung an insolent negro magistrate, and there have been far more atrocious cases in many places at the North without a call for U. S. soldiers.

This is the first instance in American history, in which a Governor, born in the State over which he ruled, has deliberately slandered his own people. We could expect nothing better of Scott, Reed, Bullock, Warmoth and Powell. They are Yankees, and hate with the malignity of fiends the people whom they oppress. But there is a depth of infamy in this slander by a native born Governor, which Holden alone could reach.

Our next inquiry is, why the notorious Littlefild was selected as Minister Plenipotentiary and Envoy Extraordinary on this occasion? No other creature has ever been in the State who is such a stench in the nostrils of all honest men. Does Holden wish to white-wash the swindler? Or may we flatter ourselves that there is no scalawag in the State so low and dirty as to consent to carry to Washington such a slander upon his own State? Could Holden find no one but this Yankee swindler to bear a written LIE to Washington? For the honor of the State, we hope so.

We wish that we could transfer to our columns the scathing rebuke of that stout-hearted soldier and true man, Col. Pool, of the Newbern *Journal of Commerce*. But why are some others silent, while this great outrage is going on? Is it through fear, through policy, or through sympathy with his Excellency the Governor? We would like to know precisely where they stand.—*All who are not for North Carolina are against her.*

For the Sentinel.

HOUSE OF REPRESENTATIVES, Raleigh, N. C., March 26.

MR. EDITOR:—I desire the use of your columns once more to give some expression to my feelings and the feelings of my constituents, in regard to the condition of affairs in the county of Alamance. And however diffident I may be, to figure before the public, in the character of a defender of the people of that county, I, nevertheless, feel it to be a duty imperative and obligatory, as their representative, to raise my voice in the defence of right and justice, and to endeavor to correct, as far as consistent with truth, the erroneous impressions created and circulated to our injury, through the public journals of the day. I cannot remain quiet and discharge a solemn duty I owe to the people of that county, while every man in it is held up to public gaze as a lawless desperado, unmindful of the duty he owes to himself, his country, and his God; and I here venture the assertion, the Governor's proclamation to the contrary notwithstand, that there is not a man or a combination of men, in Alamance county that ever, for one moment, conceived the idea of resisting the legally constituted authority of the government, either State or national. If our people are avowed criminals, they are not confirmed idiots, ready to drink the hemlock to insure their own destruction, which would as necessarily follow such a wild and reckless act, as the rays of the morning sun dispels the gloom of night. That there have been crimes committed against the peace and dignity of society I will not deny, nor will I assume the responsibility, under any consideration, to justify them, but that there is a band organized for the avowed purpose of overturning or subverting the principles of this government, the idea is too absurd and ridiculous to convey any other impression than an attempt, on the part of some individuals, to slander the intelligence, virtue and patriotism, of our people. We live in an age of common sense and common reason, and no condition of society can claim an exemption from the common frailties of human nature, and the evils incident to, and growing out of a long, bloody and disastrous revolution. This disturbed condition of society is but the ebbing tides of passion, engendered amidst the scenes of conflict and carnage, ruin and devastation, as it settles back upon the calm and placid sea of reconciliation to the fixed and irretrievable destiny of our people. No change can be affected in the social system of such stupendous moment, as the one we have experienced, without exciting the evil passion and prejudices of the people to a greater or less extent. And while this is no justification for men to take the law in their own hands to redress the real or imaginary grievances to society, it is, nevertheless, the truth of history written in indelible characters as the consequences following in the wake of long, bloody and devastating wars. And while every man who love s peace and order must deplore, in bitterness of soul, these civil commotions, yet the remedy is sooner reached and the balm more effectively applied through the agency of a healthy public sentiment than by either blood or bayonets. Every man must regret those disturbances against the peace of society, not on account of its local effects alone, but its damaging influence abroad. For men seeing the onesided representations designedly set forth to our detriment in the public journals of the day, would naturally suppose that every man in the county had either a knife at his throat or a rope about his neck, ready to suffer the extreme penalty which mob law or violence might see fit to inflict. Such is not the condition of society in Alamance county, and the Northern gentlemen, who have settled in our midst, and identified themselves with the agricultural and manufacturing interests of the county, will bear me out in this assertion. And, I doubt not, that the United States' soldiers quartered there, under the proclamation of the Governor, declaring the county in a state of insurrection, will bear faithful testimony that no such a position is either expressed or implied, on the part of our people. Four years of bloody experience, with its consequent ruin and defeat, is a convincing argument against the futility of such an empty delusion.—For ruin was never more clearly written on Babylon, Troy, Tyre and Carthage, than would be on our favored land, the "*nursing mother of law and equal rights*," than when we forget the fealty and duty we owe to the supremacy of law, and the sacredness of the rights of citizenship. It is, therefore, better for our people to endure, with patience, the evil's by which they are now encompassed, than to flee to others they know not of. Better risk the safety of our frail barque, on the rugged shores of "Scylla," than try to stem the angry tide and whirlpool of "Charybdis," which would necessarily engulph us in one common ruin.

No county in middle North Carolina offers greater inducements to capitalists, to invest their surplus funds, than Alamance. Her salubrious climate, her soil adapted to all the agricultural products of the country, with a water power sufficient to drive the countless looms and spindles, of Manchester or Lawell, together with the unbounded hospitality of her people, all make it an inviting field for the influx of energy and enterprize—and all this coupled with the desire on the part of the people that men of means and enterprize should settle in our midst, to aid us in rebuilding the waste places and restoring the shattered fragments of our lost fortunes—every man in the county (notwithstanding the unfounded clamor that we are hostile to Northern men) is ready willing and anxious to-day to extend the right hand of friendship to every man without regard to stateliness or nationality, who desire to enter our borders for the purpose of developing the material resources of the county, with the assurance on the part of our citizens that all such men will be as secure in the enjoyment of life and property as in any other State which claims the high privilege of being a land of steady habits in conforming strictly to law. I am a native of Alamance County "and to the manor born," and I would not knowingly or willingly misrepresent the true sentiments of our people in order to induce men to enter the vortex of ruin or to become entangled in the meshes of men who are disposed to offer personal wrongs or violence. My sense of right and love for truth forbid that I should make any statement unfounded in fact, or unsustained by the evidence of common sense and justice. I deny that there is any disposition on the part of our people to make war upon or ostracise the citizens of any other State who desire to settle in our midst with an interest common with ourselves, hoping for our hopes and praying that the peace and prosperity of our common county may be perpetual. To all such men we extend the right hand of fellowship, coming from whatsoever section of our common country; they may be sure that their welcome will be uniform and sincere and the man who expresses any other sentiment in the name of the people of that county is a reviler of truth and honor. I learn with regret that Northern men are actually afraid to travel through Alamance County on the public highways in consequence of the unfounded rumors that we are rebellious and hostile to that class of our fellow citizens. A more infamous libel than this was never perpetrated against any people—and no man of respectability can be found in the county who will not sustain me in this declaration. I come now to consider the causes which led to the present disturbed condition, not only of Alamance, but other sections of the State, and this is traceable and chargeable to the organization of the Union League, coupled with an address signed by eighty odd members of the present General Assembly, encouraging lawlessness and crime, with an article in the official organ of the league entitled "work," together with the declaration of stump speakers to the members of this oath bound league, that if men of property would not give them employment that "roasting ears were plenty and the pigs were fat." This is the main, ostensible cause of the evils which now disturb the peace of society, and no man can contradict or gainsay its truth. I take the occasion to say here that all societies of a political character are dangerous to liberty and contrary to the spirit and genius of a republican government, and ought not to be countenanced or encouraged; but when one political party finds it necessary to accomplish its purpose by enforcing its suicidal policy upon a people through the agency of an oath bound society, organized for the avowed purpose of controlling the ignorant and credulous at the polls—it lays the foundation for other and counter organizations which, when formed, labor to outstrip the other in effectiveness either for good or evil. This is the history of secret political oath bound organizations, formed by political adventurers for the purpose of controlling the uninformed masses to their own advantage at the ballot box, and for the injury done to the peace and good order of society they are mainly responsible. It is a conceded fact that when the "wicked rule the people mourn," and we have this clearly exemplified in the present ruinous policy of our State government.

I am very respectfully &c.

J. A. MOORE.

COLONIZATION IN NORTH CAROLINA—DEPARTURE OF A COMPANY OF SETTLERS FROM NEW YORK CITY.—Movements are making in various directions to colonize the Southern States with emigrants from the North and from Europe. Maryland and Virginia find considerable favor, and well directed efforts have been made to colonize the still milder region of North Carolina. The New York *Post* says:

Among the latter attempts is a settlement in Hyde county, thirty miles northeast of Washington, N. C., which lies between and borders on the Pungo and Alligator rivers, and the canals of the same names constructed in their neighborhood. The tract purchased by the company comprises 50,000 acres. The land is sold to colonists at $5 an acre, but, to avoid monopolies, not more than two hundred acres are sold to one person. Twenty-five per cent. of the purchase money is paid in cash, and the balance in five years. The title has been given by the State of North Carolina.

Five thousand acres have thus far been sold to fifty families, whose heads have taken an average of one hundred acres each. They are from Brooklyn, Newark, New Haven and New York city. Few are farmers. They comprise mechanics, storekeepers and clerks. A party of six men went last week to erect a building for the reception of the pioneers, and about twenty five more leave this evening in the schooner Hattie Low, from pier 39 East river, to aid in the various preparatory operations. No women or children will go at present.

The company have erected a saw-mill, from which they furnish lumber to settlers at $12 a thousand feet, and shingles at from $4 to $5 a thousand. It is the intention of the company to run the Hattie Low regularly between New York city and the settlement. The Pungo river is found to be the most navigable of the two bordering streams. It affords a depth of nine feet at the dock.

THE ROBES IN COUNTY PRISONERS.—Sheriff Howell, and his Special Deputy, Dr. W. J. Gilbert, arrived in the city last evening, and with a posse conveyed the four Robeson county prisoners confined in our jail to Whiteville last night for trial at the term of the Superior Court for Columbus county, now in session, on Wednesday next. These are the prisoners charged with the murder of ex-Sheriff King. Their names are Calvin Oxendine, Henderson Oxendine, Stephen Lowry and G. O. Applewhite. Sheriff Howell also brought down from Lumberton and carried on to Whiteville, John Dial, the member of the gang who turned State's witness.—*Wil. Journal.*

CARD.

SOUTHERN LIFE INSURANCE CO.

TO THE PEOPLE OF NORTH CAROLINA.

AT the request of General Jno. B. Gordon, President Atlanta Department, I have come to your State to bring prominently before you the claims and merits of the Southern Life Insurance Company. It is under the control of as honorable and as responsible men as there are in the land. It is managed in the most prudent and economical manner and will deal justly and fairly with all.

We have no war to make upon other Insurance Companies, but we do wish to impress upon the people the importance of *keeping their money at home*. By careful calculation it is estimated that a sum of not less than *twelve millions* (annually) is sent from the South to the North for Life Insurance and unless checked will surely prove suicidal to our interests. We ask you to consider how greatly the material interest of this section would be benefited by the retention of these enormous sums in our midst.

We send no money away to enrich foreign capitalists but every dollar of premium (less expenses) IS INVESTED IN THE STATE FROM WHENCE IT IS DERIVED.

This department of the Company has operated both in Georgia and South Carolina, and has done an unprecedentedly large business. Some of the most prominent gentlemen in those States are identified with its interest. Its Board of Directors embrace the names of the ablest financiers, and most successful business men in the South. They are the Trustees of the sacred fund of the widow and orphan. Will you not trust your friends and neighbors; or is it more secure in the hands of strangers? We appeal to you to assist us in pushing forward this deservedly popular and reliable Southern corporation. Its solvency is unsurpassed by any Company doing business in the United States, its ratio of assets to liabilities *the only true test of a Company's strength*, fully sustaining this statement.—We would respectfully call attention to the Board of Directors and Stockholders, published in another column, and to our Board of Reference in this State and others.

PHOSPHATIC FISH GUANO,

This article is much superior to the Peruvian Guano as a fertilizer. It contains a much larger percentage of bone phosphate and soda, and nearly as much Ammonia, its effects upon the land will be seen for years.

The following extracts from certificates received from those who used it last year upon Cotton will have the effect to remove the prejudice produced by the use of manufactured fertilizers, and give confidence in this home made article.

H. Leberman, Esq., of Bertie county N. C., writes: "I have used your Phosphate Fish Guano in equal quantities side by side with Peruvian Guano and found the product much in favor of your article, the weed was larger, Cotton heavier and the plant kept green through the dry Summer."

J. J. Horton of same State, writes to the same import. Our Circular for January 1870, contains these and other certificates in full.

THE SENTINEL.

THURSDAY, MARCH 31, 1870.

Thos. S. Ramsay, as Business Clerk, is authorized to make contracts and give receipts, &c. &c.

Work Made Easy.—That is the art every one wishes to learn; to do a great deal of work in a short time and with ease to one's self, is a secret every one would like to learn. The time of year is approaching when, to the farmer, this secret is of more value than to almost any one else, for the farmer must do a certain amount of work within a certain time, else he need not do it at all.—The secret of accomplishing the most work in a given time, consists in having *good tools* to work with. For instance, a man can work ten hours with a good weeding-hoe and be less wearied than he can eight hours with a dull, clumsy one; or can do more work in eight hours with a good hoe than he can in ten hours with a bad one. If any one doubt this simple proposition, let him call round at Julius Lewis' hardware store, and get one of his "Scovil" hoes and try it, he will be convinced we are right.

A Suggestion.—As the new Market House seems to be drawing towards completion, and will probably soon be ready for occupation, we would like to make a suggestion to our city authorities, not that we are sanguine of its having much influence with them, but, as we have been requested to do so by ladies, we will venture it.

It is this: A great many ladies, who are house keepers, would like to do their own marketing; a practice which, if inaugurated, would at once contribute to health and promote economy in families. We therefore suggest to the authorities to adopt such police regulations as will prevent crowds of loafers and idlers from blocking up the entrances and passages of the market house, thus making it unpleasant for ladies to pass. In other words, to prevent the market house from being the general lounging place for idlers.

Good Tobacco.—Pink Hardie, Tobacconist, sign of the Indian Girl, Fayetteville street, has sent us a sample of his Graverly Number one chewing tobacco, and number one it is, without discount. If any one questions our judgment on the matter let him call in at Pink's and try a plug of it by way of experiment.

Speaking of tobacco, reminds us that we have failed to mention the fact that W. C. Stronach & Co., keep on hand, at wholesale and retail, two different brands of smoking tobacco, manufactured in this city, both of which we have tried and find them equal to any in the market.

Watch Your Corks.—A gentleman informs us that he saw a negro lad, night before last, with his arm up to the elbow in the letter-box at the post office, seemingly trying to reach the letters in the box. We don't think the letters could be reached in this way, unless they had lodged in passing down, but we suggest that a small steel-trap be set just inside the throat of the letter-box, as a detective of those making such experiments.

Pianos.—We have for some time purposed to call attention to the card of Mr. Wm. H. Vaughan, a man of whose nature music is as much a part as moisture is of water, or warmth is of caloric. He has made arrangements by which he has become Agent for Tremaine & Bro.'s seven octave rosewood pianos, and any one wishing to purchase an instrument tried and reliable, would do well to see him and examine the instruments he offers for sale.

Mr. Vaughan also repairs Pianos, and will take an old one make it as good as in its best days. He advertises to take old pianos at a fair valuation in part pay for new ones. Read his card.

For the Legislature.—We hear it whispered that C. M. Farris is going to run for the House of Commons in Wake. It is no business of ours who runs, but we would suggest that, if Farriss wants to run at all, that he put in for the Senatorship for Wake and Franklin, as it is thought he can run better in *Franklin* than any other man in the district, at least he *did*, last summer, at Louisburg.

Disturbances in Robeson.—Our Wilmington exchanges contain accounts of daily outrages committed in Robeson county, by the gang or gangs of outlaws in that county, and to such a pitch have these outrages attained that general terror and alarm reigns throughout the county. Since the shooting of Norment and others, mentioned by us a few days ago, numerous acts of lawlessness, including attempts at murder, have been recorded. People are shot at in their houses and on the highway, barns, cribs and private dwellings are robbed, and, in two instances robbers have been discovered under beds in the chambers of residences.

The notorious Henry Berry Lowry is almost certainly known to be the head and leading spirit in all the outrages committed, and we think the officers of the county ought to form a large posse and hunt them down until the last one of them is captured or extirpated. And if the people of that county cannot arrest them, let the people of adjoining counties be applied to for assistance.

Kentucky's Latest and Best.—Whatever emanates from this old commonwealth we are wont to look upon as the real "Simon pure" and genuine article of the class represented. In fact, we may say with emphasis, that Kentucky is not a healthy soil for the growth of humbugs. The best thing now offered to our citizens from this State is the "GREAT HENDERSON CO. PRIZE SCHEME," and we believe they will show their wisdom by investing freely in tickets. Read the Advertisement found in another column of our paper closely, and investigate the whole *thoroughly*, and learn how completely the facts bear out the statement.

REMOVAL OF DISABILITIES.

We are indebted to a friend for the following list of persons in North Carolina, whose disabilities have been removed by act of Congress. There may be some error in the counties in which some of them are located, and there are probably some errors in the orthography of some of the names, but it is the best we can give of them at present.

WASHINGTON.

Washington, March 30.—The President, in a message regarding the proclamation of the adoption of the 15th amendment, says: It is unusual to notify Congress, by proclamation, of constitutional amendments, but in view of the importance of the 15th amendment, this day declared a part of that revered instrument, a departure from the usual custom is justifiable. A measure which makes four millions of people voters who were heretofore declared by the highest judicial tribunals not citizens nor eligible to become so, is of greater importance than any one act since the foundation of our free government.

The President calls upon the newly enfranchised ever to make themselves worthy of their new privileges, and urges whites to withhold no legal privilege of advancement to the new citizens.

He quotes from Washington regarding the importance of intelligence and education, and calls upon Congress to promote and encourage popular education, and upon all people everywhere to see that all who possess political rights, shall have an opportunity to acquire the knowledge which shall make their status in the government a blessing instead of danger. By such means only can the benefit contemplated by this amendment be secured.

Revenue nearly $500,000.

The proclamation of the adoption of the 15th amendment is too late for Connecticut on Monday's registration having closed.

The proclamation enumerates the following States as having ratified the amendment: North Carolina, West Virginia, Massachusetts, Wisconsin, Maine, Louisiana, Michigan, South Carolina, Pennsylvania, Arkansas, Connecticut, Florida, Illinois, Indiana, New York, New Hampshire, Nevada, Vermont, Virginia, Alabama, Missouri, Mississippi, Ohio, Iowa, Kansas, Minnesota, Rhode Island, Nebraska and Texas; in all 29 States.

A New Discovery!!

Phalon's

"VITALIA;"

OR,

Salvation for the Hair.

CLEAR AS WATER!

WITHOUT SEDIMENT!!!

OPEN TO THE LIGHT!!!

For Restoring to Gray Hair its Original Color.

Phalon's "Vitalia" differs utterly from all the hair coloring preparations heretofore used. It is liquid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, imparts no stain to the skin. Hold it to the light and it is clear and cloudless. It leaves no mark on the scalp; yet it reproduces in gray hair the natural color that time or sickness may have bleached out of it.

☞ Phalon's Vitalia ☜

is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair.—These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.

The Vitalia is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications, according to the depth of shade required. Sold by all druggists.

Do not Insure Your Life

UNTIL YOU ASCERTAIN FROM

P. F. PESCUD,

General Agent for North Carolina,

WHY THE

National Life Insurance Company,

OF THE

UNITED STATES OF AMERICA

can, and does issue a larger Policy for less money than any other Company, represented in North Carolina.

The National was organized in August 1868. She has issued nearly

10,000 POLICIES,

HAS A CASH CAPITAL OF

$1,000,000,

which was all paid in before a Policy was issued and which has already increased, fifty per cent. All the losses reported to 1st January last amounted to but $46,000, and as a further evidence of the great care observed in the selection of risks, 851 applications amounting to nearly $2,000,000 were rejected last year. Therefore a solid basis and increasements that none but Stock Companies can afford, is enjoyed by all who prefer the National to Mutual or mixed Companies.

ALL LIABILITY FOR LOSSES IS AVOIDED.

Every man who has a family, should try to create an Estate for their support, when he is taken from them by death—and a very small annuity spent for a Policy secures a larger amount of Cash Assets, and is far more certain than the same amount will secure in any other investment, and a more tender expression of love and responsibility could not in any other way be more beautifully expressed.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES P. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience: men of probity and unblemished reputation. Its Policies are liberal; its premiums moderate and made easy; its losses are paid promptly and its investments are made on the most solid basis, being principally in improved real estate worth twice the amount invested, paying ten per cent per annum.

All its Policies are non-forfeitable and participate in profits from the beginning.

Dividends declared and applied annually to policy holders on the contribution plan.

The Company is strictly Mutual, and the profits of the business are paid not to stockholders but to its policy holders.

An equitable surrender value paid to all who through misfortune are unable to keep up their policies.

Pianos for Sale! Pianos for Sale.

MR. WILLIAM H. VAUGHAN, WELL known in our community as a Musician and Piano Tuner, is now appointed Agent for those splendid, Seven Octave, fine Rose Wood Pianos, built by C. M. Tremaine & Bro. These Pianos will be warranted for six years and Mr. Vaughan is here ready to keep the instrument in perfect tune, if it should need it. He has at this time one of the Pianos at his residence, on Cabarrus Street, a little East of the N. C. R. R. Depot and would be glad to show it to any one who will call to see it.

These Instruments took the premium at the Virginia State Fair, and without doubt are the best and cheapest instruments in the North or South.

Old Pianos taken in exchange for new ones, at a fair price. As I am confident that I can sell cheaper than anybody else, I beg of my own people in the State to give me a call before purchasing elsewhere.

Piano tuning and Repairing done at shortest notice. Can make an old Piano as good almost as new, for a very low sum.

Address,
W. H. VAUGHAN
Box 249 Raleigh.

IT WILL BE REMEMBERED THAT THE Messrs. Tremaine Bros. took the first premium at the Virginia State Fair on their celebrated Pianos. These gentlemen fully understand their business, being thorough musicians themselves. Call at the store of E. VIA 26, Fayetteville Street and examine one of the finest they have ever made.
